**Faculty Host: Mark A. Greiner, MD
Associate Medical Director
Associate Professor of Ophthalmology and Visual Sciences
Department of Ophthalmology and Visual Sciences**

MEETING SCHEDULE:

- 8:45 AM Lecture: *New Trends in Medical Therapy for the Cornea: 2018, 1918, 2118***
- 9:30 AM Case Presentations and Discussion**
- 10:00 AM Break**
- 10:30 AM Case Presentations and Discussion**
- 12:00 PM Lunch – East Room, 8023 JCP (Elev F, Level 8)**
- 1:30 PM Lecture: *Ophthalmology Through the Cornea***
- 2:30 PM ADJOURN**

Dr. Mannis Disclosure of Relevant Financial Relationships: No relevant financial relationships to disclose

Dr. Mark J. Mannis specializes in corneal surgery and diseases of the external eye. He earned his medical degree from the University of Florida College of Medicine. He completed ophthalmology residency training at Washington University in St. Louis and fellowship in Cornea and External disease at the University of Iowa. His primary research includes studies in the development of novel protein based anti-infective agents, corneal transplantation, visual rehabilitation of patients with corneal disease, management of diseases of the ocular surface, and oculodermal disease.

Dr. Mannis served as Editor-in-Chief of the journal CORNEA for six years and was the founding editor of Vision Pan-America: the Pan-American Journal of Ophthalmology. He has published widely in peer-reviewed journals with over 150 published papers and is a reviewer for the Archives of Ophthalmology, the American Journal of Ophthalmology, Ophthalmology, Cornea, and Cornea and Contact Lenses. He is also editor / author of six recent books.

Dr. Mannis is a recipient of the R. Townley Paton Award in eye banking from the Eye Bank Association of America and was a recipient of the Lew Wasserman Award in research from Research to Prevent Blindness, Inc. He received the Moacyr Alvaro Gold Medal from the Federal University of Sao Paulo in Brazil and an honorary doctoral degree (Doctor Honoris Causa) from the National University of San Marcos in Peru for his educational contributions to Latin American ophthalmology. He has concluded his tenure as President of the Cornea Society and of the Pan-American Association of Eye Banks (APABO) as well as the Presidency of the Pan-American

Association of Ophthalmology. He was named the 2014 Castroviejo Medalist by the Cornea Society. He has also completed a term as a Director of the American Board of Ophthalmology.

Dr. Mannis has trained fellows since 1990 with over 25 U.S. fellows in cornea and external disease as well as 15 international fellows and almost 100 residents. He has spent the last several years of his career in efforts to contribute to vision care in Latin America, for which he was the recent recipient of the Distinguished Scholarly Public Service Award by the Academic Senate of the University of California, Davis.

Purpose: The series of clinical conferences sponsored by the Department of Ophthalmology presents updated information on a broad spectrum of clinical issues and approaches that are of value and interest to the practicing ophthalmologist.

Objectives: Upon completing this conference, participants should be able to:

- Discuss the newest modalities for treatment of the cornea and external eye and compare these ideas to history of ophthalmology from a century ago.
- Explain the role of the cornea in the diagnosis and treatment of diseases in other areas of ophthalmic care and recognize the diagnostic clues provided by the cornea in these diseases.

### **GENERAL INFORMATION**

The University of Iowa prohibits discrimination in employment and in its educational programs and activities on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference. The University also affirms its commitment to providing equal opportunities and equal access to University facilities. For additional information on nondiscrimination policies, contact the Office of Equal Opportunity and Diversity, 319-335-0705 (voice) and 319-335-0697 (text), 202 Jessup Hall, The University of Iowa, Iowa City, Iowa 52242-1316.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact Denise Rettig in advance at 319-356-2866.

Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest. They will also disclose if any pharmaceuticals or medical procedures and devices discussed are investigational or unapproved for use by the U.S. Food and Drug Administration (FDA).

### **CONTINUING MEDICAL EDUCATION ACCREDITATION**

The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Roy J. and Lucille A. Carver College of Medicine designates this live activity for a maximum of **3.75 AMA PRA Category 1 Credit(s)**<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

A \$50 fee will be charged for continuing education credit to those physicians who are not current members of the Iowa Eye Association. (For Iowa Eye Association members, the fee for CME is covered through annual membership fees.) Please make checks payable to Iowa Eye Association and send to Joe Schmidt, Department of Ophthalmology, University of Iowa Hospitals & Clinics, 200 Hawkins Drive, Iowa City, Iowa 52242-1091.

Physicians are encouraged to bring patients to the clinical conferences for presentation and discussion. To be sure there is time available, please schedule your patient with Jenniffer Carpe, BSN, RN, MBA, CNML, at 319-356-7218 or FAX the information (319-356-0363) prior to the conference.

Please inform your patients of the need to register at the Registration Desk in the main lobby of the Pomerantz Family Pavilion before coming to the Eye Institute Reception Desk so that a formal record can be established. There will be no physician's fee for consultation; however, if special laboratory tests are necessary, charges will be made after consulting with the patient.
